

AUWAIOLIMU NOW BEING MADE SCENIC CROWN OF HONOLULU

If it were not for the embowered strike off on diverging routes from the city and the commerce-crowded harbor below, together with the numberless fine new cottages on all sides, the middle heights of Punchbowl at present would make a visitor almost imagine he was standing amidst the Panama canal works. Where once there was a maze of crooked lanes and goat paths, among a congeries of small though neat cabins, now a well-planned system of avenues and cross streets are rough-graded. It is to complete the rehabilitation of this grandly scenic part of Honolulu that the people living there are asking the legislature for an additional appropriation of \$100,000, or \$80,000 at the least.

There is no doubt that, whatever reasonable amount be granted, the city and county will get it back again within a few years through the increased taxes. In any case, it would be a colossal blunder to leave the work unfinished for even one fiscal period. When it is completed, including the proposed connections with the Punchbowl drive, there will not be a finer show place for tourists in all the residential sections of Honolulu.

Honolulu Beautiful Scheme. Mulford Robinson's plan for beautifying Honolulu is being followed in the Punchbowl, or Auwailimu, scheme. For the avenues there will be 26 feet of roadway, macadamized or otherwise paved, then, on either side, 10 feet planted in grass, 4 feet of sidewalk, and, next the property line, 3 feet in grass. Fred E. Harvey, an engineer of the public works department, laid out the scheme and has been superintendent of the work thus far. George E. Marshall having the first contract at \$80,000. There is a population of about 400 in the section immediately covered. David Haugh, territorial forest nurseryman, has kindly consented to propagate the plants for the various avenues.

Scenic Avenues. One of the avenues is named Kamaunala, after a celebrated queen, and it starts at Puuawaina drive, or the old Punchbowl road where it winds away from the settlement to the summit. This avenue will be planted with the "apple-blossom," or pink and white shower tree.

Prospect street will become an avenue of the same name. It will be extended around until it connects with the mountain driveway, on the Nuuanu valley side, and in time will likely be extended at the other end, where it meets the head of Magazine street, to connect with the driveway on the Makiki side, passing the site of the former powder magazine. Such a conjunction would complete the most beautiful scenic driveway in the city. Magellan and Iolani avenues both on the old quarry site, it being named

in honor of U. S. Judge Sanford B. Dole, the Nestor of Hawaiian public men. The bottom will be graded and planted in trees and shrubs, and vines will be trained to screen the face of the cliff.

Bella Vista is the name of the other park, being Portuguese for "lovely view." This park will occupy a commanding knoll of sugar loaf shape, high up on the slopes. It commands an extensive view of the city, mountains, plains and ocean. On clear days the buildings of Schofield Barracks and at night its lights are visible from there. It is proposed to erect a bandstand in Bella Vista Park, where the band will give periodical concerts.

Building Improvements. Already, within a few months since the Auwailimu lots were sold, scores of new buildings have been erected along the new street lines of the tract. They range in cost from, say \$800 to \$3000 or \$4000, and include handsome villa and bungalow types.

It is regarded as a pity if calamity is not the word, that a structure of neglected tenement model has been allowed to intrude itself in the very heart of the improvement scheme. This is a building erected by Ho Poi at the junction of Iolani avenue and Lusitana street. When first projected its prohibition was ordered under the provision of the tenement house ordinance against such an establishment within 400 feet of a school, but the owner made several independent entrances in the back of the structure, when, presto, it became an apartment house and stayed. Not only is it an ugly building, but connected with it a battery of several toilet rooms has been placed hard up against the avenue line, screened from the public eye only by a lattice. What if anything the respectable inhabitants of that quarter are going to do about it remains to be seen.

Croup Can Be Prevented. When given as soon as the croupy cough appears Chamberlain's Cough Remedy will ward off an attack of croup and prevent all danger and cause of anxiety. Thousands of mothers use it successfully. For sale by all dealers. Benson, Smith & Co., Ltd., agents for Hawaii.—advertisement.

Against Trading Stamps. With the end in view of doing away with all "gift enterprises," several Chinese merchants of Maui yesterday presented a petition in the senate, asking that a law be passed to prohibit such schemes. The giving away of trading stamps or coupons are in particular asked to be tabued. The petitions were referred to the judiciary committee.

Many a girl with brains enough for two equals things by marrying a man without any. When a married man has a good disposition it's possibly because his wife won't stand for any other kind.

WORST STOMACH TROUBLE ENDED

"Pape's Diapepsin" Gives Instant Relief and the Relief Lasts

Every year regularly more than a million stomach sufferers in the United States, England and Canada take Pape's Diapepsin, and realize not only immediate, but lasting relief.

This harmless preparation will digest anything you eat and overcome a sour, gassy or out-of-order stomach five minutes afterwards.

If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a 50-cent case of Pape's Diapepsin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large 50-cent cases contain more than sufficient to thoroughly cure almost any case of dyspepsia, indigestion or any other stomach disorder.—advertisement.

SHELTER HOME FOR CHILDREN CERTAIN

Efforts of women of Honolulu to have a shelter home for delinquent and homeless children were rewarded yesterday when the senate passed house bill No. 78.

Though the bill is one to fix the expenses of the circuit courts, Senator Penhallow caused a "rider" to be slipped in, by which \$75,000 is appropriated for the construction of the home here, with a biennial allowance of \$2500, and also a \$100 a month salary for a matron.

Although this "rider" was unexpected, it was about the only thing in No. 78 which was not fought over. Senators Rice, Coke and Metzger were the leaders in opposing several of the items, particularly those fixing the minimum salary of circuit court attaches.

NEW HEAD FOR INSANE ASYLUM

At a meeting of the board of health yesterday afternoon, Dr. W. A. Schwallie of Pahala was appointed as the new head of the Oahu Insane Asylum. Doctor Schwallie, who will begin his duties April 15, has been plantation and government physician on the Big Island for the past ten years.

That the fishmarkets will not be done away with was made evident from the report of the special committee appointed by the board of supervisors to look into sanitary conditions in the vicinity of the markets. The report, which outlines a number of changes, was not made public as it has not been finally submitted.

The report of the committee on cemeteries was unfavorable to the location of a cemetery at Alewa Heights. A special committee was appointed by the president of the board of health to draw up a new set of regulations governing pig-pens. The board adjourned after granting leaves of absence to the following physicians on Kauai: Doctor West of Makewell, Dr. Yanagahira of Kilauea and Dr. A. Snow of Waimea.

PALAMA SETTLEMENT TO HAVE NEW PLAYGROUND

When the Oahu Railroad & Land Company tears down the last of its line of King street tenements, a large area of ground will be temporarily turned over to the Palama settlement, which organization will immediately convert it into a playground for the use of the hundreds of children who live in the neighborhood. The settlement has, for the past year or two, made use of another piece of land owned by the railroad in the rear of the present tenements, and while this portion of land has been used very successfully as a playground, it has been noted during the past few months that it is hardly large enough to accommodate all the children.

When the plan of removing the tenements was finally decided upon, the railroad offered the settlement the use of the ground until the company should finally lease it again or build upon it. This offer was accepted by the settlement, which has already started planting grass on the barren places in the rear of the tenements. Work on tearing down the buildings will probably be commenced within a week, and when this is completed the settlement will then take charge of the lot and plant grass and make other improvements.

The chap who is an expert at making excuses can never draw large fees for his skill.

LEGISLATORS VISIT THE PALAMA DISTRICT

At the request of James A. Rath, a number of the members of the house of representatives, including Speaker Holstein, paid a visit to the Palama Settlement yesterday noon with a view to securing data regarding the advisability of urging further appropriations to carry on the work of that organization. Following luncheon served at the home of Headworker Rath, the party visited the Pa Ola day camp, the free dispensaries, and then returning for an inspection of the settlement headquarters on King street. Those making the visit, besides Mr. Rath and his associate, W. S. Bowen, were J. S. B. Pratt, president of the board of health; Speaker Holstein, Representatives G. P. Cooke, Sheldon, Asch and former Senator John C. Lane.

At 4 o'clock in the afternoon Messrs. Waterhouse, Carter, Macfarlane and Holloway, members of the board of trustees of Hale Lanakila, the new home for working girls which was recently completed at the foot of Robello lane, received a number of the members of the house and showed them through the new establishment.

RICE AND PUMPKIN CROP FOUND TOGETHER

Somewhere there's a fairy story about Queen Mab, who eloped in a carriage made from a pumpkin. It is not said how large the pumpkin was or where it grew.

That part of it may have been a mystery until yesterday. It would still have been a mystery had not someone brought a life-sized duplicate of the pumpkin faithless Queen Mab used—had not someone brought the pumpkin and put it on the desk of Senator Rice.

Only his name was on it. No mention was made of the one who sent it. It was simply addressed to the senator from Kauai. It was learned afterwards that it was grown on Hawaii; and also that it was five and one-half feet in circumference, which is undoubtedly the size of Queen Mab's.

All of which goes to show that Queen Mab lived here—or else she sent here for her pumpkin. But what members are requested to attend.

Microbes in Your Scalp

Authorities say that a microbe causes baldness. If you are losing hair try our remedy at our risk.

Professor Unna, of Germany, and Dr. Sabouraud, the great French Dermatologist, claim that a microbe causes baldness, and their theory has been verified by eminent scientists. This microbe destroys the hair follicles, in time causing the scalp pores to close and the scalp to become shiny. Then, it is believed nothing will revive the growth. If treated before this occurs, baldness may be overcome.

We know of nothing that has given such universal satisfaction in treating the scalp and hair as Resall "33" Hair Tonic. It has been designed after long study to overcome the cause of falling hair as discovered by Prof. Unna, Dr. Sabouraud and other scalp and hair specialists, and we believe it will do more than anything else to remove dandruff and stop falling hair; and if any human agency can promote a new growth of hair it will do that, too.

We want you to make us prove it. We will pay for a month's treatment of Resall "33" Hair Tonic used during a trial, if you will use it according to directions, and are not thoroughly satisfied. When we will do this, you surely should not hesitate to at least try it.

Start the treatment today. Your mere request will get your money back if you want it. Two sizes: 50c and \$1.00.

You can buy Resall "33" Hair Tonic to this community only at our store: **BENSON, SMITH & CO., LTD.** Honolulu. The **Star** Bldg. Hawaii.

There is a Resall Store in nearly every town and city in the United States, Canada and Great Britain. There is a distinct Resall Store for nearly every ordinary human ailment especially designed for the particular Resall Store nearest you. The Resall Store has America's Greatest Drug Store.

is more pressingly of interest, the so-called fruit, animal—or whatever—a pumpkin is—will make, and who will bake them for the men who make laws?

At five o'clock this afternoon Hawaiian Lodge No. 21, F. and A. M., will hold a special meeting in Masonic Temple for the transaction of important and urgent business. All members are requested to attend.

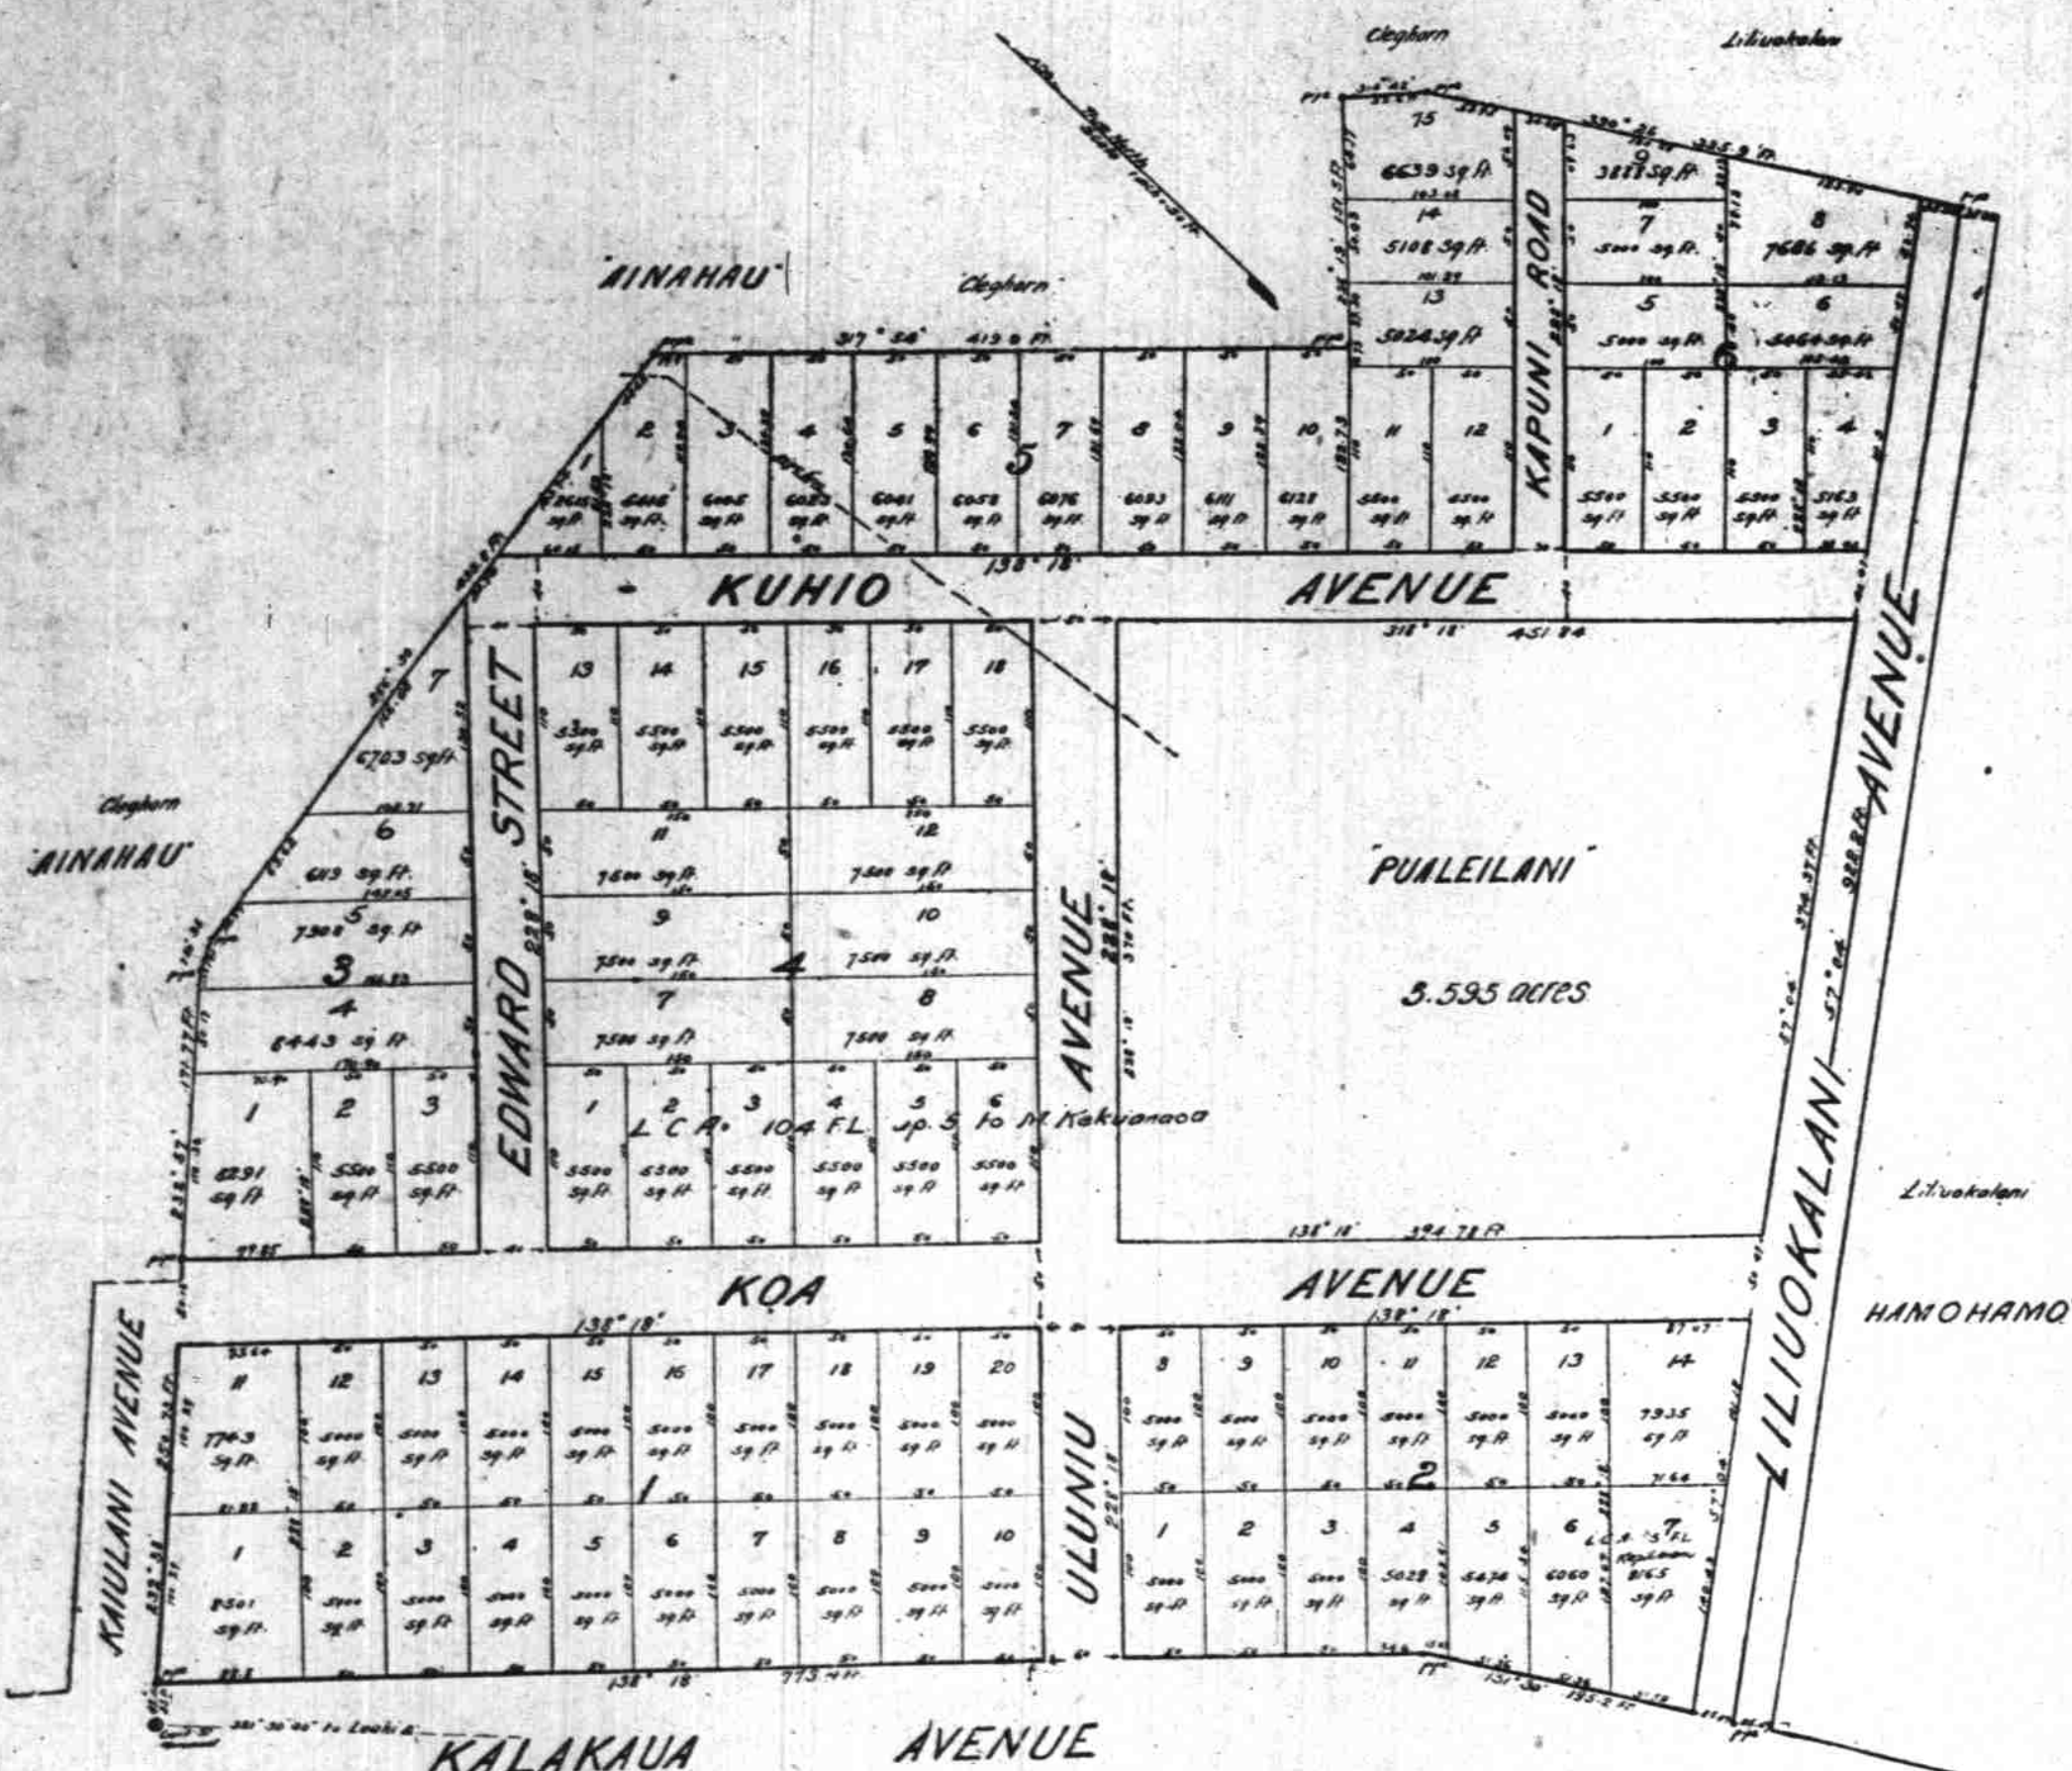

New Arrival

Crepe Kimonos, \$1.50, \$1.75, \$2.50, & \$3.50
Embroidered Short Kimonos, \$1.75

The Japanese Bazaar,

Fort Street, Below Convent.

Uluniu Tract

Sealed applications will be received at the office of the undersigned until April 21st, 1913, at Noon, and then opened, for the purchase of Lots in the ULUNIU TRACT, WAIKIKI. If a sufficient number of Lots shall be applied for sales will be made.

This corporation reserved the right to reject any or all such applications. If more than one application is made for a Lot or Lots the one first received (hour of receipt to be noted on the envelope) will be given the preference.

Size of the Lots are shown on Diagram and prices of same are as follows:

	A	Sq. Ft.
Kalakaua Avenue frontage	30c	
Intended Koa Avenue frontage,	20c	
" Uluniu Ave. frontage	20c	
" Edward Ave. frontage	15c	
" Kuhio Ave. frontage	15c	
" Liliokalani Ave. frontage	15c	
" Kapuni Road	10c	

Terms of the sale 1-3 cash, balance in four years' time; first year without interest, balance of term 6 per cent. per annum. Persons desiring to pay cash a discount of 5 per cent on above prices will be made.

A lot with a frontage of twenty feet on KALAKAUA AVENUE, and running to the SEA BEACH, will be included in the ULUNIU TRACT, and all purchasers of lots will have a perpetual right of easement of ingress and egress to the Beach.

PUALEILANI proper will be sold as a whole, and applications must be made on ENVELOPE.

A person will be on the premises daily, including Sundays, to accompany intending purchasers through the grounds.

Kapiolani Estate, Ltd.
